# Talal Yousaf Swati

DevOps Engineer @ Axiom World | Cloud Administration  
Lahore, Punjab, Pakistan

## Summary

As a DevOps Engineer at Axiom World, I work with a team of software engineers and cloud administrators to deliver high-quality and scalable solutions for various clients. I use Azure DevOps Services to manage the entire software development lifecycle, from planning and coding to testing and deployment.

I have a Bachelor's degree in Computer Science from COMSATS Institute Information Technology Abbottabad, where I learned the fundamentals of programming, data structures, algorithms, and databases. I also acquired multiple certifications in Docker, a skill that I apply daily to create and run containers for different applications and environments. I am passionate about learning new technologies and improving my DevOps skills. My goal is to contribute to the innovation and efficiency of the software industry.
